

- CERTIFICATE OF ANALYSIS -

PRODUCT NAME	: LEX®
INCI NAME	: <i>Roe Extract</i>
PRODUCT DESCRIPTION	: Extract of Salmon roe
LOT NUMBER	:
STORAGE CONDITION	: -80°C to -20°C to
SHIPPING CONDITION	: Frozen, dry ice
MANUFACTURING DATE	: May 25, 2016
QUALITY TESTED	: July 2016
STABILITY	: <i>We recommend using LEX® within one year (1) after quality testing. The retest date is subject to the re-evaluation of the products quality.</i>
QUALITY CONTROL DATA	:

Test items	Specifications
Induces collagen secretion in human skin fibroblasts	> 2.0 Fold Change
pH	5.0 – 8.0
Bacterial content	<5 CFU/100 µl
Protein concentration	100-400 mg/ml
DNA concentration	3-10 µg/ml
RNA concentration	2-8 µg/ml

QUALITY ASSURANCE METHODS

The analysis of biological activity was performed by assaying collagen by ELISA. The quantifications of nucleic acids and protein were determined by absorbance UV-spectrophotometry.

It is certified that this product meets above specifications.
